**COLONNADE ON THE GREENS
HOUSE RULES
(Adopted November 27, 2006)**

These House Rules have been enacted by the Board of Directors of the Association of Apartment Owners of Colonnade on the Greens (the "Board of Directors" or "the Board") to protect all apartment owners and occupants from annoyance or nuisance caused by improper conduct or use of the apartments and common elements of Colonnade on the Greens (the "Project"), and to promote harmonious living and maximum enjoyment of the Project. Enforcement of the House Rules is the responsibility of the Board of Directors, but may be delegated to the Colonnade Manager or the Managing Agent by the Board.

All owners, members of their families, tenants, guests, licensees, and invitees shall be bound by these House Rules and by standards of reasonable conduct as determined by the Board of Directors whether covered by these House Rules or not.

The House Rules supplement but do not change the Declaration of Condominium Property Regime of Colonnade on the Greens (the "Declaration") and the By-Laws of the Association of Apartment Owners of Colonnade on the Greens (the "By-Laws"). In the event of any inconsistency, the Declaration and By-Laws will prevail, in that order.

2. STANDARDIZED REQUIREMENTS

To present a unified and aesthetic appearance, and for other safety and quiet enjoyment considerations, the Board of Directors has adopted standardized requirements for certain items to be applied to repairs or replacements:

b. Screen door

Screen door frames will be dark brown or black in color, have a non-reflective finish, and reasonably complement the appearance of the external doorframe as determined by the Board of Directors.

c. Flooring

If tile or hardwood flooring is installed and another unit is located below the replaced floor, soundproofing must be installed. Prior approval of the Board of Directors is required. Information regarding approved soundproofing is available from the Colonnade Manager.

d. Lanai awning

Only permanent roller shades with a neutral white color on the exterior side of the awnings are permitted to be installed. Prior written approval of the Board of Directors is required. Roll-down canvas or lattice awnings or Venetian blinds are not permitted. Information regarding approved awnings is available from the Colonnade Manager or on the web site.

e. Air conditioner

6. Installation will not create a safety hazard, either due to not being properly secured in the window or to improper wiring.
7. Unit will be sealed around the perimeter and the opening above or below the unit filled with clear glass, Plexiglas or plastic (no plywood). The baffles on either side may be white, off-white or beige. The same requirement applies to the exhaust of freestanding interior units.

3. LANAIS

- a. Apartment owners, occupants and tenants are responsible for the care and maintenance of the fixtures and finished surfaces of the apartment lanai and for any lanai floor covering, as well as cleanliness of lanai railings. The apartment owner is responsible for reporting any maintenance/repairs needed to items which are the Association's responsibility to repair and maintain, including lanai railings. The resident is also responsible for informing the Association of any lanai safety hazard.
- b. The owner may not, however, paint or otherwise decorate the walls and ceilings of the lanai without the prior written approval of the Board of Directors. To present a unified appearance, the Board of Directors may regulate the type and color of paint to be used on lanai walls and ceilings.

- e. When cleaning lanais, owners must prevent water from running down the exterior of the building or dripping down on the lanai below.
- f. No objects may be thrown or dropped from lanais or apartment windows. The throwing or dropping of lighted cigarettes, matches, or other burning material constitutes a serious threat to life and property. Persons known to engage in such conduct will be subjected to penalties and fines under Section F.3 and possible criminal prosecution.
- g. Garments, rugs, mops or other objects shall not be shaken from lanais and nothing shall be draped over the lanai railings or out of windows of apartments.

- d. Structural alterations or modifications, including but not limited to kitchen/bath renovations, tile or wood flooring, plumbing and electrical changes, within an apartment or lanai shall be made only with the written consent and approval of plans by the Board of Directors of the Association. The Design Review Application form can be obtained from the web site or the Colonnade Manager.
- e. Appliances and debris discarded during maintenance or remodeling must be removed from the Project by the owner or his/her contractor. These items may not be disposed of in the Association's trash rooms or dumpsters.

- f. All contractors and other people providing repair or remodeling services must register with the Colonnade Manager or Security upon entering the Project.
- g. The Board of Directors, or its designees, shall have the right to enter any apartment and limited common elements from time to time during reasonable hours as may be necessary for the operation of the Project or for making emergency repairs therein required to prevent damage to any apartment or common elements or for the installation, repair or replacement of any common elements.

5. FAIR HOUSING ACTS

None of the provisions of the Project documents is intended to be in contravention of State or Federal Fair Housing Acts. The Board of Directors will at all times comply with the provisions of the Fair Housing Acts when acting upon requests by handicapped persons to make reasonable modifications, at their cost, to apartments and/or to the common elements of the Project if the proposed modifications are necessary for their full enjoyment of the Project. The Board will also comply with the provisions of the Fair Housing Acts when acting upon requests by handicapped persons for exemptions from any of the provisions of the Project documents which may be necessary to afford full enjoyment of the Project.

6. TRASH

- a. Each floor in the residential buildings has a trash room with a dumpster. All rubbish trash shall be placed in secured plastic bags and deposited in the dumpster in the trash room located on the same floor as the apartment. All papers shall be bagged or bound. Large boxes shall be broken down and placed neatly so as not to topple over. No loose trash shall be placed in the dumpster or in the trash room area.
- b. Extremely large amounts of trash, including remodeling and move-out debris, are to be removed from the Project by the resident or his/her contractor. Such trash shall not be left on the sidewalk or grassy area immediately outside the front gate. Information on the location of County disposal locations can be obtained from the Colonnade Manager.

7. PETS

- a. Dogs, cats, or other typical household pets ("pets"), as reasonably determined by the Board and/or Managing Agent, may be kept by occupants in their respective apartments subject to the following conditions and restrictions:
 - 1. Pets will be registered with the Colonnade Manager within 10 days of being brought onto the property. The Colonnade Manager will maintain a register, including a photograph, of all pets kept in the Project. Proof of license with license number(s) of all pets required to be licensed by City codes/ordinances or State laws, and a photograph shall be provided to the Colonnade Manager at the time of registration.
 - 2. Failure to register a pet or provide proof of a required license within the 10 days may cause the pet(s) to be subject to immediate removal from the Project.
 - 3. Dogs and cats must wear ID tags at all times while outside the owner's apartment.
 - 4. Pets may not be kept, bred, or used at the Project for any commercial purpose.
 - 5. Pets may not be allowed to roam free, must be carried or kept on a leash and under the control of their owners at all times while outside the owner's apartment, and may not be tied unattended in any common area. Dogs and cats must wear ID tags at all times while outside the owner's apartment.
 - 6. Owners must pick up all pet droppings on the common elements in accordance with City and County Ordinances. Droppings may be deposited in designated "Dog Stations" located around the property for disposal of pet waste.

7. "Pests", as defined in Hawaii Revised Statutes (HRS) Chapter 150A-2, and animals not legally present in the State of Hawaii, including such animals that are prohibited from importation under HRS Chapters 141-2, 150A-5 or 150A-6, may not be kept on the Project.
- b. Except for guide dogs, signal dogs or service dogs, pets are not permitted at any time in the swimming pool and its appurtenant deck area, or the recreation buildings of the Project.
- c. Any pet causing a repeated nuisance or an unreasonable disturbance to any other apartment owner/occupant of the Project must be permanently removed from the Project promptly by its owner upon written notice to do so by the Board or the Managing Agent. Such pet shall be subject to removal before the deadline stated in such notice if the Board subsequently determines that the pet poses an imminent and serious threat of physical harm to other owners/occupants of the Project.
- d. A tenant of an Owner must obtain the written consent of the Owner to keep a pet in the Apartment and provide a copy thereof to the Colonnade Manager. Notwithstanding such consent, a tenant may keep only that type of pet which may be kept by an Owner, except that disabled tenants will be permitted to keep a guide dog, signal dog, or other animal required because of the tenant's disability.
- e. Notwithstanding anything to the contrary contained in the Declaration, By-Laws or the House Rules, guide dogs, signal dogs or service dogs, or other animals permitted pursuant to the Fair Housing Act or Chapter 515, Hawaii Revised Statutes, are allowed on the Project, may be kept by occupants in their respective Apartments, and may be used as reasonably necessary for their full enjoyment of the Project, provided that:
 1. Pursuant to Section B.7, a disabled resident must notify the Board prior to bringing a service animal onto the property and must register the animal with the Association.
 2. Service animals may not be kept, bred, or used at the Project for any commercial purpose.
 3. Guide dogs, signal dogs or service dogs must be kept on a leash when they are on the Common Elements, including, but not limited to, any recreation areas.
 4. If a service animal causes a nuisance or an unreasonable disturbance to any other occupant of an Apartment, the owner thereof will be notified in writing and given an opportunity to rectify the problem. If the Board determines that the problem is not rectified, and that such animal must be permanently removed from the Project, a second notice shall be issued and the owner allowed a reasonable period of time within which to obtain a replacement guide dog, signal dog or service dog, as may be required. However, the animal shall be subject to removal before the deadline stated in said notice if the Board subsequently determines that the animal poses an imminent and serious threat of physical harm to other owners/occupants of the Project.
- f. Any damage to the common elements of the Project, including but not limited to, any apartment building, grounds, flooring, or walls, caused by any animal will be the full responsibility of the owner/occupant of the apartment maintaining such animal in the apartment, and the costs to repair, replace and remedy such damage shall be specially assessed to the owner of such apartment.

SECTION C. COMMON ELEMENTS

1. GENERAL

3. MOVING

- a. Move-ins, move-outs and delivery or moving of large items shall be coordinated with the Colonnade Manager at least 24 hours in advance.

SECTION D. AMENITIES

1. GENERAL

- a. The use of amenities shall at all times be under the control of the Colonnade Manager.

The Colonnade Manager shall determine the corrective actions needed to return the pool or spa to Health Department standards. Residents are advised that the cost to replace the water in the pool may be \$250.00 or more.

In particular, a child under the age of 12 should be accompanied by an adult when using the pool unless the child is a competent swimmer. A child's parent or guardian shall be responsible for determining if the child is a competent swimmer.

- f. Anyone who may be adversely affected by the heat or humidity of the spa, such as young children, pregnant women, and anyone with high blood pressure, should not use the spa. Since prolonged exposure to high water temperatures can cause drowsiness and/or raise the blood pressure of any such persons, they should be accompanied by a parent, guardian or someone who can ensure their safety when using the spa.
- g. There shall be no nude persons/bathers in the pool of any age. Persons who are incontinent or not toilet-trained shall not use the pool or spa unless they wear pants which will prevent leaks.
